

# GOOGLE INTEGRITY?

Phoenix, AZ (March 25, 2004):

FROM GOOGLE'S OWN SITE:

## Integrity

Google's complex, automated methods make human tampering with our results extremely difficult. And though we do run relevant ads above and next to our results, Google does not sell placement within the results themselves (i.e., no one can buy a higher PageRank). A Google search is an easy, honest and objective way to find high-quality websites with information relevant to your search.

When GOOGLE TAMPERED with their database results THEY FORGOT the NEWS ALERT SYSTEM.
